2009 75' Lazzara has just completed a major refit, Engines rebuilt, rebuilt pods, new interior, new teak decks, all new soft goods, rebuilt generator, carbon fiber accents, all exterior upholstery.

Manufacturer Provided Description

It's hard to imagine one yacht being everything to everybody, but the revolutionary Lazzara LSX Quad 75 exceeds expectations on every level. Lazzara has evolved its signature lines to reflect a combination of European style coupled with American boldness. Onlookers will stand in awe, whether she's dockside or cutting across the ocean at full throttle. The layout is designed with comfort and convenience in mind. Technological considerations maximize entertainment and safety options. From a performance standpoint the engines and drive systems make the LSX the most user-friendly large yacht on the market. The Volvo Penta IPS system is ideal because its four-engine configuration delivers the most power at the highest scale of economy. Furthermore, the joystick operation makes for effortless handling of this extraordinary vessel, even for novice captains.
