Summary/Description

"El Matador" has taken the Delta 54' Carbon Fiber IPS 800 to another level. Combining an already state of the art luxurious express cruiser to have the option to utilize the large cockpit for fishing and diving.

"El Matador" has taken the Delta 54' Carbon Fiber IPS 800 to another level. Combining an already state of the art luxurious express cruiser to have the option to utilize the large cockpit for fishing and diving. The retractable cockpit table and folding transom seat stow away to open up the aft deck to be used as a great fishing platform. When switching to sportfish mode the refit included custom transom livewells and massive fishbox with 600 lb/day ice chipper dump as well as discretely installed outriggers as well as quick access to cockpit controls to be close to the action. The cockpit is also fantastic for both scuba and snorkeling enthusiasts with full length bench seats offering great storage. Two oversized transom doors giving unobstructed access to the hydraulic swim platform that is the safest and easiest way for multiple people to enter and exit the water fully geared up. Just a step inside the salon door you have a fully outfitted galley aft to serve both the salon or the aft deck. Making a break in the action quick and easy outside by powering up the cockpit table and out with the aft shade to hopefully serve your fresh catch.

The galley complete for sure with abundant refrigeration and custom freezer storage, a full size dishwasher, oven and stove and plenty of counter as well as fully fitted cupboard storage. Very impressive for a boat this size. The salon itself is full of natural light from the full wrap around windows and power sunroof. A large L shaped lounge aft with expanding table can host a party of 8 easy in addition to the upper dinette seating 2-3. The quality surrounds you with full teak flooring and veneers throughout. Below hosts a three stateroom two head configuration fully appointed with great detail that must be seen.

El Matador - 54 Delta

Key Features:
