Summary/Description

Launched in 2003 in Viareggio, Italy, by the Italian builder Gianetti Yachts, "BOULOS" is a 24m (80ft) motor yacht crafted from durable GRP. Following a meticulous refit in Palma de Mallorca, Spain, BOULOS now graces the waters of Miami Beach, Florida.

Launched in 2003 in Viareggio, Italy, by the Italian builder Gianetti Yachts, BOULOS is a 24m (80ft) motor yacht crafted from durable GRP. Following a meticulous refit in Palma de Mallorca, Spain, BOULOS now graces the waters of Miami Beach, Florida.

Inside, BOULOS exudes luxury with its bright white carpeting, Armani vinyl wallpaper, and bespoke fabrics throughout. The main saloon offers an open layout, featuring a spacious lounging area to starboard and a forward bar in place of the traditional dining area. Large windows flood the space with natural light, creating an inviting and well-lit entertainment area.

Accommodating up to 7 guests in 3 cabins with an additional pullman berth, BOULOS includes a full-beam owner's suite on the lower deck with a private stairway. Two beautifully appointed guest cabins with en-suite facilities can be found on the lower deck forward, comprising one king berth and one twin berth, plus a dressing area with the pullman that can be converted into a *fourth cabin* as needed.

BOULOS exterior decks perfectly balance luxurious living and outdoor entertainment. The expansive flybridge stands out as a highlight, providing a sun lounging area aft for relaxation. The main deck aft features an al fresco dining area, ideal for enjoying meals with a breathtaking view. The swim platform provides effortless access to the water and connects seamlessly to the transom.

Powered by twin 1,400hp CAT 3412 E diesel engines, BOULOS delivers impressive performance on the water. With top speeds upwards of 30+ knots and a comfortable cruising speed of 22 knots, she's ready for exhilarating adventures.
