350HP
261KW
Fuel: Gas/Petrol
Hours: 850
Location: Starboard

Summary/Description

2017 Everglades 355 CCX

The 355 CCX is the envy of the fleet with its massive hardtop, sliding windshield, and incredibly soft ride. The oversize hardtop is what sets the CCX apart from all others. She is the perfect family boat with enough shade and creature comforts to make those Bahamas runs a pleasant experience in a wide range of conditions. Everglades RAMCAP hull construction is what makes this ride so impressive. The solid foam construction makes this boat unsinkable and provides the rock solid ride.

This one has all the right equipment and has been well maintained. Regular detailing and inside storage has preserved the finish and soft goods so she shows very well. The Yamaha C series 350s have only 850 hours and provide the speed and power you are looking for on those long offshore trips.

Save time and money and bring your trade! Contact the listing broker for more information.

Manufacturer Provided Description

Everglades' 355cc was designed with an eye for luxury, convenience, and useful amenities. Avid anglers will appreciate the nearly 200 gallons of fishbox space and 2 live wells totaling over 80 gallons. A deluxe tackle center has room for all your gear and features a raw and fresh water sink. Other fishing standards include 21 stainless steel rod holders, kingfish rod holders and 18-foot outriggers. The 355cc console features Everglades' tempered glass, hydraulic windshield which slides up and down at the push of a button. Designed for ventilation, weather protection, and enhanced visibility at night, this is an Everglades' exclusive safety feature.

There is plush custom seating in the bow and forward of the console, and the electric bow table also converts to a comfortable, cushioned sun pad. In the stern there are folding seats and a folding fighting chair with gimbal, all standard. Other standard conveniences include a china bowl head with macerator and holding tank, a sink with shower in the head, and a 35-gallon fresh water wash down. For ultimate fishability, customize with options like a side utility door, bow thruster, crow's nest, or a choice of two different 2nd stations. With the 355cc, Everglades has raised the bar on fishing boats.

Features

Deck and Cockpit:

With every Everglades model, you can expect our ground-breaking engineering processes, precise craftsmanship, and our unparalleled quality and safety standards.

Construction:

Setting ourselves apart, Everglades Boats focuses on quality in-house construction - highlighting patented innovations and a luxurious fit and finish.

Console and Hard Top:

Proudly demonstrating our fine, in-house craftsmanship, every detail of our console and hard top is handcrafted by skilled Everglades craftsmen and women.

Mechanical and Electrical:

Each feature of our unsinkable boats is handmade in-house in our state-of-the-art facility and put through rigorous quality assurance testing before it's deemed seaworthy.

Fishability:

Everglades Boats are built from the ground up to be fierce fishing machines. Every boat that leaves our factory is ready to fish - and look good doing it.

Seating:

Take a seat and enjoy the ride! Our seats are custom built for every model and offer the most comfortable and convenient seating options in the industry.
