Outboard 2 Stroke
225HP
167.78KW
Fuel: Gas/Petrol
Hours: 300
Year: 1989
Serial #: xxxxx
Location: Middle

Summary/Description

Boat is in remarkable shape, very clean and well cared for. A real head turner you just will not find these anymore.

This boat sparkles, shines, has perfect compression, and I have had it up to about 70 MPH w full fuel tanks and wife and daughter on board. Yes, she runs perfect, she loves to cruise and drive at about 45 mph, but it's hard not to hit 55 mph while cruising. You really can't tell the difference because she rides that smooth.

You can see a list of recent work - Upgrades in the full specs. She does not need anything currently. Again... The boat needs nothing.

***Evinrude 225 HP Outboard**

***Pro Racing Lower Unit**

***Jack Plate and Trim Tabs (Stationary)**

***4 Blade SS Prop**

***Seating for 5**

***Rear Sun Pad w Ample Storage Below**

***New Sunbrella Mooring Cover and Cockpit Cover - Brand New November 2020**

***1994 Performance Aluminum Trailer w Diamond Plate Fenders and Guide Poles - New LED Lights**

***Recent Maintenance and Care List see Full or Additional Specs or Simply Scroll Down**

WALK THRU

Absolutely wonderful very well cared for boat. Used sparingly, but certainly not neglected in any way. I am having issues with my right knee and getting in and out of it is starting to get difficult, especially when hitting sand bars or various Islands we frequent.

She rides smooth and fast. She likes to cruise in the 45 to 50 MPH range, and I have had it up to 70 MPH with my wife and daughter onboard, she could go more but that's really 40 MPH faster than you should go in some areas.

I cannot think of anything that needs done to the boat, she's a champion.

Boat comes with Full Sunbrella Mooring Cover, Sunbrella Cockpit Cover, Boaty Trailer, Extra Spark Plugs and Misc Safety Equipment that can be Viewed in the included Photos...
