Summary/Description

2005 Formula 48 Express Yacht - LOADED with options/amenities to maximize cruising and entertaining pleasure! Cockpit seats 10 comfortably--wet bar, electric grill, fridge, sun lounge, and A/C! Efficient inboard 660hp Cummins diesels! CALL TODAY!

"Contributing Factor II" is an extremely well-equipped and maintained 48 Yacht and powered with twin low hour 660hp Cummins QSM11's. Loaded with every option from bow to stern, some notable options include her Flagship Sapphire blue metallic hull, hydraulic swim platform, cockpit grill, cockpit air conditioning, Bose sound system throughout and much more. **"Contributing Factor II"** features a two stateroom two head layout, a galley that you would find on a vessel much larger, robust headroom and ample storage throughout. She is turnkey and ready for her next owner. Call the listing broker to schedule your showing of this beautiful 48 Yacht.

Manufacturer Provided Description

For a company whose name has long been associated with performance, the Formula 48 Yacht is much more concerned with luxury than speed. This is Formula's largest and most expensive cruising yacht ever, and she retains the high level of quality that longtime boaters have come to expect in a Formula product. Built on a deep-V hull with prop pockets and moderate beam, the 48's lavish accommodations are both elegant and spacious. Headroom exceeds 7 feet in the salon and varnished cherrywood joinery, Ultraleather upholstery, and designer fabrics dominate the interior. The huge L-Shaped galley rivals that of a small motor yacht, and the aft stateroom, which can easily double as a den has its own private head with shower. Across from the salon, a built-in LCD television automatically tilts for the best viewing angle. The expansive cockpit of the Formula 48 provides seating for ten, and the helm layout is as good as it gets in a big express. Unlike most sterndrive powered European sport cruisers, the Formula is an inboard design that many boaters prefer for maintenance reasons. Twin 660hp Cummins diesels cruise in the mid 20s and reach 32-33 knots wide open.

Vessel Walkthrough
