BROKERS WALK THRU

If it fits your size range, and you are looking for a tri-toon this is the exact boat you want. It is in very nice shape; the blue siding is absolutely stunning on a sunny day, and I have to imagine it looks even nicer parked along a sand bar off Boca Grande or whatever may be your destination of choice.

She has just about everything you would want in this class of boat. She is also nicely powered with a 200 HP Yamaha that has engine warranty to 6/30/2024. So buy with a piece of mind.

Trailer is in very nice shape and has brand new tires, rims, and LED brake lights.

There is no reason not to buy this boat. And yes it would make an outstanding Christmas gift (even if its a little late)
