Summary/Description

This 75 Hatteras MY stands above the rest with her 5 stateroom layout and her C30 CAT power, the largest engines ever installed on this hull. New upgrades throughout make her the top pick in her class!

This 75' Hatteras 2004 is truly one of the finest examples of a Hatteras available today! With meticulous maintenance carried out by a dedicated full-time captain, she is in impeccable condition. Featuring the sought-after high gloss cherry interior, she is an absolute standout in the market. This magnificent yacht boasts five spacious ensuite staterooms, including a luxurious full beam King master suite. With a plethora of amenities and an extensive list of upgrades, including state-of-the-art electronics, custom furniture, polished granite countertops, full-sized whirlpool appliances, and upgraded LED lighting throughout, she offers an unparalleled level of comfort and elegance.

A few highlights of this boat:

- Entire boat was repainted in 2020/2021
- These C30 CAT engines are the largest engines ever installed on this hull and are higher horsepower and much faster than the 3412's on the older 75F Hatteras MY
- The boat is one of only 2-5 stateroom boats built with the upgraded C30 CAT engines
- New bottom paint July 2023

Accommodations

Tough N Go is one of only (2) 5 stateroom layout boats build with upgraded C30 CAT engines.

This 75' Hatteras features the optional and highly desirable cherry wood interior with neutral tones and wall coverings throughout. All cabinet doors are raised panels.

The galley counters face the salon. Galley and pilothouse floors are Amtico with a custom compass design in the pilothouse. Additionally, the vessel features custom furnishings. The air conditioning grills have been eliminated and the AC flows through the slotted valance boards. There are seven additional lights installed above the dining table and three more above the cocktail table. These are in addition to the extensive LED overhead lighting along with custom exterior side lighting alongside the house. All carpeting, furniture, wall coverings, floors and countertops throughout were upgraded at the factory along with numerous optional storage lockers.
