New in stock 2024 Pardo 50 " Available "

Pardo Yachts has a heritage of sailing boats, and building sailing boats is far more complex than building powerboats. Cantiere del Pardo has been in operation since 1973 when Grand Soleil Yachts was established. The company has built more than 4,000 sailboats up to 80 ft and used for long-distance cruising and offshore racing.

The Pardo 50 is a statement of performance and comfort. Its V-shaped hull has a variable geometry of 16 degrees at the stern and more than 50 degrees in the forward section, capable of great seakeeping and, at the same time, offering good maneuverability in safe and fast conditions.

The one-level walk-around deck and high freeboard provide safety for the family, children, and guests on board. The unique interior layout on the Pardo 50 offers an open space with two cabins and two heads designed by Zuccheri Yacht Design & Cantiere Del Pardo.

The lines and refined selection of materials and furniture, enhanced by choice of woods and attention to detail, make the Pardo 50 a true statement of the Made in Italy yacht.

For more information, please contact us. This vessel is located in Miami Beach, FL.
