Year: 2013

Engine 2

John Deere
404STFM50
Inboard
135HP
100.67KW
Fuel: Diesel
Year: 2013

Summary/Description

This 2 cabin 2 head trawler is overbuilt and very capable. The beautifully appointed interior is warm and welcoming, with solid doors and wood panels.

The seller has lived aboard the boat and enjoyed cruising on her, including having done the Great Loop. All that is required is to drop the canvas when going under some of the bridges and lowering antennae.

The 135 HP John Deere burns less than 2 GPH at 1800 RPM's, potentially giving the boat a range of between 800 and 900 NM.

If a trawler that is ready to go is what you are looking, this boat should be given every consideration.

Galley

Propulsion
