Summary/Description

OFF COURSE, a 37' Winter, Hull #26 was built by Winter Custom Yachts under the ownership of an experienced individual. This vessel is a must-see for anyone seeking a top-tier, custom center console with modern amenities and equipment.

Overview

The 2018 37' Winter Custom Yachts, known as W 26 by the factory, is one of the most beautiful center console vessels in the world. Her proven North Carolina hull form provides a smooth, dry ride and is propelled by triple Mercury Verado 350s. A SeaKeeper 3 keeps this fishing platform steady. Although she's designed as a tournament winner, she's also a head-turning cocktail cruiser. A custom tow eye is accompanied by a solar panel and tracking device when she's pulled behind a yacht.
