725HP
540.63KW
Fuel: Diesel
Hours: 3999
Location: Port

Engine 2

Detroit Diesel
8V92TA
Inboard
725HP
540.63KW
Fuel: Diesel
Hours: 3999
Location: Starboard

Generator 1

Onan
20KW
Hours: 1326

Summary/Description

Hatteras is well known for their quality yachts and she is a prime example of one. The Cummins Onan generator has 1,326 hours and the Detroit engines have 3,999 hours. Oasis has a new bimini top, salon a/c unit, and updated Simrad autopilot.

You can enter Oasis from either port or starboard side wing doors into the spacious aft deck. The aft deck has a U-line refrigerator, wetbar with sink, 32' Samsung flat screen tv, and ample seating which completes all the things necessary for a great night of entertaining family and friends.

Up several steps is the flybridge which has two helm seats, port and starboard aft settees with storage beneath. The helm seats and helm both have canvas covers. A new AM/FM bluetooth radio was installed in 2021 and a new bimini top.

The salon is just three steps down from the aft deck and its 16' beam and large windows provide you with a spacious feel throughout. The starboard side contains a built in entertainment center, recliner, wetbar with sink, U-line ice maker, and storage for bottles. The port side has the built in U-shaped sofa with leather bench with storage, along with a 40" Samsung flatscreen tv and Bose speakers (not connected) mounted on the aft wall. Also a newly installed a/c unit.

Moving forward and down several steps and to the port brings you to the galley area that consists of Corian countertops, Princess Gourmet 3-burner electric cooktop, a GE Profile microwave/convection oven overhead, under-mounted sink with a Grohe faucet, garbage disposal and Summit Twist Air double door refrigerator/freezer. The Whirlpool Thin Twin stacked washer/dryer is located behind the panel directly across from the teak dinette table.

The VIP stateroom with ensuite head is forward of the galley. The centerline queen size berth has storage drawers beneath the bed and a large overhead hatch for great natural sunlight. Hanging lockers and drawers are located on both starboard and port side. A 25" Insignia flatscreen tv is mounted on the portside wall. The head includes a vacuflush toilet, vanity with sink, and shower stall.

Port, aft of the salon is the day head that contains another vacuflush toilet, shower stall, and vanity with sink.

Directly across the hallway is the starboard stateroom. The stateroom has upper and lower bunks, reading lamps, hanging locker and a storage drawer beneath the lower bunk.

The master stateroom is aft of the guest stateroom and has an ensuite head. The queen size berth is offset and has walk-around access. Custom overhead lighting, and nightstands on the sides of bed with drawers and two hanging lockers. A 32" Samsung flat screen tv mounted above the built-in dresser with drawers and stereo. The ensuite head comprises of a vacuflush toilet, vanity with sink and shower stall.

The steps that lead to the salon both forward and aft provide you access to the engine room.

The engine room contains two 725 hp Detroit Diesel 8V92 engines and an Onan 20 kW generator with 1,326 hrs. A

Village Marine Tec water maker that produces approx. 400 GPD, Groco electric oil change pump (**new-5/19**), Hynautic hydraulic steering, Glendinning engine synchronizer, dripless shaft seals, a/c units and Kidde CO detector completes the engine room.

Mechanical Disclaimer

Engine and generator hours are as of the date of the original listing and are a representation of what the listing broker is told by the owner and/or actual reading of the engine hour meters. The broker cannot guarantee the true hours. It is the responsibility of the purchaser and/or his agent to verify engine hours, warranties implied or otherwise and major overhauls as well as all other representations noted on the listing brochure.
