COMMENTS

- The current owners have cruised this vessel in Florida, the Bahamas, the Caribbean, and Europe interspersed with selective chartering. Offering a versatile 6 cabin (plus crew) layout, this yacht has been constantly upgraded and shows very well. She has benefitted from a recent, extensive 9-month mechanical refit, which included a new top-of-the-line air conditioning plant, service, overhaul or replacement of an extensive list of mechanical equipment, 5-Year Class special survey, top-end of both generators, and overhaul of starboard motor. She is ready for her next owner to take her on more adventures immediately. Inspection is highly recommended.
