Manufacturer Provided Description

The completely redesigned 53' Sueños is the pinnacle of comfort, luxury, athleticism and refinement. With unforgettable exterior styling and capability for over 2500 horsepower, this 53' center console yacht offers performance when needed, plus agility and precision when on station or docking. The Yamaha or Seven Marine engine options not only promise to put a smile on your face each time you get behind the wheel, but the clean lines of the Sueños will sure to be the envy of all your friends. The completely retooled, ergonomically friendly helm puts everything at your reach – and no detail has been overlooked, from large touch screen navigation systems to the suspension seat pedestals for a smoother more comfortable ride. Let the Sueños take you anywhere you want to go.

Under the console is a surprisingly spacious cabin with air-conditioning, refrigerator, microwave, separate head with shower and a queen size berth. Luxurious soft touch upholstery on all surfaces throughout can be customized to match the boat's appeal. As the largest most desired center console ever built, the Sueños is capable of running at higher speeds in conditions other "boats" avoid. Custom fish boxes, coolers, and freezers are built-in components made by Frigid Rigid while the innovative tackle storage and a patented baitwell system give you the competitive angling edge. Choose from two (2) new fishing packages to customize your Sueños.

If you're less incline to wet a line and cruising is your forté, HCB offers a yacht tender package that includes a spacious aft sofa large enough to comfortably seat 5 of your closest friends (includes a live-well underseat). Also available is a teak package that truly ups the ante. Teak coaming boards, cockpit floor, bow table, counter tops, steering wheel, and

seat ladder back make your Sueños the envy of those “sportfish” folks.
