Engines/Generators

Summary/Description

Rockstar is well known for raising fish in Florida waters and is Coastwise endorsed. She's ready to be part of your charter business or just your favorite member of the family.

Twin 300 HP Caterpillar 3126 Diesel Engines

Easily cruise at 25 knots with fuel efficiency

Lots of life left with an estimated 4,000 hours and recent servicing

The 3126 engine was designed with serviceability in mind, featuring accessible components and service points to simplify maintenance tasks and reduce downtime.

Performance and Comfort

The 320 is built to withstand the rigors of offshore fishing and challenging sea conditions. It's deep V-hull provides stability and a smooth ride that guests will appreciate. With a cockpit enclosure and hardtop bimini, you can have it all-- sun or shade. In addition, Rockstar comes with:

- Large in-deck fishbox with macerator
- Fighting chair mounting plate
- 2 kill boxes in the transom
- Ample storage and tackle
- Freshwater station and live well
- Freshwater and raw water washdowns
- Huge aft deck with plenty of room for friends, family and fish
- Protected cockpit with seating and shade (great for kids) and an underseat icebox
- In cabin A/C and kitchenette/dinette with microwave and refrigerator
- Functional head and freshwater sink
- Fully convertible berth and two hanging berths
- Ample storage and plenty of rod space

Second Station and Outfitting

- Second helm for maneuvering, docking and positioning from a birds-eye view
- Optimize your fishing position with the second station and two sonar transducers

- Large Garmin 12" GPS5212 Chartplotter
- Enjoy more of the ride with convenient SIMRAD Ap22 auto-pilot
- Furuno Radar for safety and additional visibility
- Functional outrigger setup for more fun and less entanglements
- Simrad VHF with dual antennae
- Electric windlass from the helm for ease of anchoring

Rockstar is a great platform for serious fishing or fun. There's plenty of room for friends and family and all the great memories you care to create. The cockpit is enclosed with Isinglass, a refuge from offshore weather, and is a haven from the sun as is the cabin with its A/C. This boat is extremely versatile and offered a great price. Her owners are reluctant to part with her; they're opting for life on the lake and that's the only reason for selling.
