Summary/Description

The Beneteau First 36.7 won the 2002 Boat of the Year Award for Best Value. A fast racer/cruiser from Farr Yacht Design, it works hard to be both a comfortable family cruiser and a fun club racing yacht.

The Beneteau First 36.7 won the 2002 Boat of the Year Award for Best Value. A fast racer/cruiser from Farr Yacht Design, it works hard to be both a comfortable family cruiser and a fun club racing yacht.

With just two owners, this 36.7 has received regular maintenance, raced moderately and has had nice upgrades including: new chartplotter, VHF, and autopilot in 2018, retractable bow sprit, new sound system with Bose speakers, large sail inventory, new Gori folding prop and recent engine service.

The interior layout is oriented towards the family cruiser. There's a massive double quarter berth to port and a single quarter berth to starboard, both within their own enclosed cabins.

The galley has a 2-burner stove with oven, double sink, top loading refrigerator and drawers and cabinets with teak doors for storage.

The forward facing nav station is generous with storage under the nav seat, a large space for all electronics and a large working surface. The chart table measures 31" x 23" and gives you plenty of room for charts or laptops.

The salon with port and starboard settees and centerline table, which can be removed leaving a stainless-steel support that provides a foot brace for crew when underway. There are plenty of cabinets lining the hull for storage.

The forward stateroom has a large V-berth that measures 6' 1" long and 5' 3" at its widest part. There are shelves along the hull and a decent sized hanging locker.

The forward head is fully fiberglass for practicality and cleanliness. There is a toilet, sink and shower.

Overall, the First 36.7 is a comfortable cruiser for overnights and family time and gives you the performance to take to the racecourse for exciting and fun racing.

Sails

- **Main** - 2023 RT Dimension/Polyant Lite skin Aramid Laminate, 2005 UK Offshore Dacron Main
