Summary/Description

2021 Hussar 920 Explorer Max

Hussar Yachts are manufactured in Poland using the finest in materials and workmanship. Their hulls are extremely lightweight and are made with solid fiberglass below the waterline, while utilizing vacuum bagged foam and fiberglass above the waterline. All areas of higher stress above the waterline use solid fiberglass for strength and integrity.

The hulls are stepped which provides superior handling and fuel efficiency. The 920 Explorer Max, powered by twin Mercury 225 XL outboards, will cruise comfortably at 25-27 knots, all while experiencing 2+ miles per gallon.

This boat came from the factory with many notable features-

Bow Thruster

Air Conditioning

30 Amp Shore Power

16" Simrad Chartplotter

Self Actuating Trim Tabs

Full Cockpit Seating Option

Wet Head, with Handheld Shower

Cockpit Shower

Windlass

Stainless Anchor with All Chain Rode

Battery Charger

Retractable Electric, Canvas Roof to let the Outdoors In!

Other features include-

Remote Operated Searchlight

Cockpit Speakers

Cockpit Awning

The accommodations are spacious for a boat in this size, with a v-berth down below and a convertible dinette. The large cockpit and well laid-out interior will comfortably accommodate 8-10 passengers.

Recently, the 100 hour service was completed on the outboards. There are 140 hours on the engines.

All in all, this is a well equipped day boat/weekender that is priced very well compared to it's competitors.

The owners' plans have changed and this is an excellent opportunity to purchase a low hour vessel. Call today for more information and to arrange your showing!
