DISCONNECTED* is a perfect example of the Marlow Explorer / 70E series of yachts, the most popular of their builds so far. One of the second generation of this series, she was built in their Tainan City, Taiwan facilities. When introduced at the 2002 Ft. Lauderdale Boat Show, the 70E immediately became the industry benchmark for larger, personal size yachts by offering the interior volume and accommodations of an 80' boat in only 70'. It presented an opportunity for a couple to cruise with or without crew

All Marlow's are semi custom yachts, meaning there's no two alike. **DISCONNECTED** has all the right amenities and upgrades to leave the dock for extended cruising adventures in style.
