OUR MOST ADVANCED HULL COATING EVER

We can apply Sea-Speed to the hull which is the most advanced next-generation silane based hard coating for boat hull application. Biocide free environmentally friendly bottom coat protection with low drag which improves speed and fuel efficiency. A flexible film that resists damage and wear while being 30% lighter than copper-based bottom paints. Comes with an industry-leading 10 year warranty.

EASY CONNECT APP by VOLVO PENTA

With Volvo Penta's Easy Connect boating app for leisure as well as commercial applications, you can stay connected to your vessel or fleet, wherever you are. Monitor, plan ahead or send crucial engine data directly to your service dealer. You get complete control of your vessel's engine status - and much more - straight to your smartphone or tablet.
