MODEL YEAR 2024

Behold the Schaefer 510 Flybridge. Starting with Schaefer's 29 years of quality craftsmanship and culminating with the impeccable design team, the Schaefer 510 Flybridge boasts the tour de force of luxury and style.

Featuring a bold but elegant look with its aesthetically modernistic lines and the detailed attention given to the innovative and ergonomic use of space, the Schaefer 510 Flybridge redefines superiority. Combine these qualities with the performance initiated by the expert design of Schaefer's naval engineering team and you have the definition of a well-groomed thoroughbred.

Nothing has been overlooked on the Schaefer 510 Flybridge as it further demonstrates Schaefer Yachts' commitment for perfection to bring you the most exhilarating, enjoyable yachting experience in the world.

- Rent the boat of your dreams for a whole season. This unique offer is available now with our 'Lease to Own' program.
- For a limited time, we will reimburse your membership fee against the purchase price of a new Schaefer Yacht. Essentially you will boat for FREE an entire season!
- Upgrade program - 100% trade-in value up to 12 months after you purchase. Your purchase does not depreciate a cent.

OUR MOST ADVANCED HULL COATING EVER

We can apply Sea-Speed to the hull which is the most advanced next-generation silane based hard coating for boat hull application. Biocide free environmentally friendly bottom coat protection with low drag which improves speed and fuel efficiency. A flexible film that resists damage and wear while being 30% lighter than copper-based bottom paints. Comes with an industry-leading 10 year warranty.

EASY CONNECT APP by VOLVO PENTA

With Volvo Penta's Easy Connect boating app for leisure as well as commercial applications, you can stay connected to your vessel or fleet, wherever you are. Monitor, plan ahead or send crucial engine data directly to your service dealer. You get complete control of your vessel's engine status – and much more – straight to your smartphone or tablet. Fractional Yachting Information

FRACTIONAL YACHTING

The **YACHT Solutions** program is a practical boating system that allows you, as a Member, the satisfaction of accessing a beautiful late model yacht without all of the hassles, headaches, and expenses that can be associated with ownership. You will captain a pristine yacht that is bigger than 90% of most boats on the water and you can get a minimum of 3 - 4 cruise times per month. The annual fee includes usage, slip fees, insurance, maintenance, cleaning, and management. Sole ownership is great; however, if you have done any research on the costs of a boat worth \$350K, you know that you would pay each month approximately \$2500 to the bank, \$700 for the slip fee and winter storage, \$200 for insurance

and \$2500 or more for maintenance, cleaning, and pump-outs. Plus if you are like most boat owners, only end up using your new boat 2 -3 times per month. The **YACHT Solutions** program will bring you as close as possible to the feeling of sole ownership, but will significantly reduce your responsibilities and costs.

CHOOSE THE BEST PROGRAM

YACHT Solutions Fractional boating has a membership option that would depend on your usage, from daily use to a week at a time. Typically, busy people like you find time to use their boats just a few times per month. Perhaps you'd like to go for a relaxing evening cruise after work to unwind or maybe you'd like to take your family or friends out for a weekend adventure to Niagara on the Lake. YACHT Solutions uses a web-based, real-time scheduling system to easily and conveniently plan your cruising times for the months ahead. The Scheduler shows available times and you choose which dates are convenient for you and your busy schedule.

ACCESS TO YOUR BOAT IS EASY

The Scheduler application updates in real-time as each time slot is filled. Thus as a User, you are able to access the schedule at a time. The concept is brilliant so imagine this - you will be able to take friends, family, or clients cruising on a beautiful day, an evening, a weekend, or even a full week and not only take pride in the boat that you captain, but you also have the satisfaction of knowing that you aren't paying full price for such a luxury. You'll feel good about the money you will be saving on boat payments, maintenance, insurance, and slip fees.

Managing your boat is easier than ever using our specialized app:

- Make, Change or Cancel a Reservation
- Check On and Check Off the boat
- Send a Message to the Boat Manager
- Note a Maintenance Issue
- Get Reminders for your Upcoming Reservations
- Connect with other Members to Swap or Share Reservations

About Schaefer Yachts

For over 29 years Schaefer Yachts in Brazil has produced more than 3,600 boats up to 83 feet, while setting a new standard of quality and innovation in the market. Unique in the industry, combining comfort with high technology, the

boats produced by Schaefer Yachts impress at first glance. They stand out for their beauty, workmanship, sophistication and high performance which distinguish Schaefer Yachts above competitors.

With one of the biggest machining equipment in the Americas, Schaefer Yachts CNC guarantees accuracy in the production of all parts involved in the project. All parts are produced by a vacuum infusion process resulting in lightweight and sturdy vessels that provide a more comfortable, safe, and economical journey. With its own in-house woodwork, Schaefer Yachts found the solution to bring the finish and refinement desired in our boats. Refinement in workmanship and extreme attention to detail are featured in all Schaefer Yachts. Tastefully selected materials blend with true craftsmanship, resulting in an elegant line of yachts with fully customizable interior upholstery and features. With a vertically integrated production process, Schaefer Yachts guarantees timely delivery of your boat while attaining the highest quality standards.

The National Marine Manufacturers Association (NMMA) Certification program covers over 30 categories of standards and every Schaefer Yacht is built to these standards and tested before being imported into Canada and the USA.

Mechanical Disclaimer

Engine and generator hours are as of the date of the original listing and are a representation of what the listing broker is told by the owner and/or actual reading of the engine hour meters. The broker cannot guarantee the true hours. It is the responsibility of the purchaser and/or his agent to verify engine hours, warranties implied or otherwise and major overhauls as well as all other representations noted on the listing brochure.
