**Volvo Penta Glass Cockpit System, Joystick Docking, Retractable Hardtop Roof, Hydraulic Swim Platform, Gourmet Centre & More!**

The new Schaefer 400 is "Love at First Sight" as she redefines the express cruiser concept. Designed by the talented hands of Mario Schaefer, this novel variation offers pleasing eye and driving sensations. The design of this boat is harmonious with a perfectly organized interior and a selection of high-quality finishes.

The sleek lines of the Schaefer 400, complimented her retractable hardtop and modern hull design, emphasize her pronounced sporty character. With her central driving console and the technologically advanced hull manufacturing process, she offers excellent handling and safety when traveling at up to 35 knots. The space in the cockpit is generous and organized in a way that can accommodate 12 people.

The layout of the lower deck gives you a feeling of space unrivaled on a boat this size. Facing the spacious saloon, a proper fully-fitted galley complements the deck galley. The Schaefer stands out for its habitability with two staterooms each with its own en-suite shower / toilet. Elegant finishes available for 2021 taking materials and designs from the larger Schaefer yachts right up to custom super yacht at 83'.

In her overall design as well as many details, the Schaefer 400 demonstrates a perfect balance between a strong sporty

temperament and practical features that make life on board easy and luxurious.

## About Schaefer Yachts

For over 29 years Schaefer Yachts in Brazil has produced more than 3,600 boats up to 83 feet, while setting a new standard of quality and innovation in the market. Unique in the industry, combining comfort with high technology, the boats produced by Schaefer Yachts impress at first glance. They stand out for their beauty, workmanship, sophistication and high performance which distinguish Schaefer Yachts above competitors.

With one of the biggest machining equipment in the Americas, Schaefer Yachts CNC guarantees accuracy in the production of all parts involved in the project. All parts are produced by a vacuum infusion process resulting in lightweight and sturdy vessels that provide a more comfortable, safe, and economical journey. With its own in-house woodwork, Schaefer Yachts found the solution to bring the finish and refinement desired in our boats. Refinement in workmanship and extreme attention to detail are featured in all Schaefer Yachts. Tastefully selected materials blend with true craftsmanship, resulting in an elegant line of yachts with fully customizable interior upholstery and features. With a vertically integrated production process, Schaefer Yachts guarantees timely delivery of your boat while attaining the highest quality standards.

The National Marine Manufacturers Association (NMMA) Certification program covers over 30 categories of standards and every Schaefer Yacht is built to these standards and tested before being imported into Canada and the USA.
