Her exterior is sleek and powerful and there's no doubt this **48 CONVERTIBLE** makes an impressive statement even resting at the dock. We invite you to contact **HMY Yacht Sales**, your Viking dealer to learn more about this exciting and beautiful **VIKING YACHTS 48 SPORTFISH**.

Manufacturer Description

This new 48 Convertible is a handsome addition to the world-famous Viking product line up with exciting styling, an impressive three stateroom layout with Viking's legendary construction and attention to detail. Beginning with the same resin infused beamy hull as the new convertible, which carries its breadth farther aft for more interior volume, a wider cockpit, and more running surface, the Viking design group then turned to its pair of \$1 million computer operated five-axis profiling milling machines and embarked on a prodigious course to create house and deck assemblies to produce the 48 Open, the 48 Sport Tower and the 48 Sport Coupe. In the process, Viking has once again rewritten the ground breaking rules of modern yacht design in creating fresh, contemporary models within a model.

Spacious and airy, the command deck has three pedestal seats, L-shape port and starboard molded fiberglass consoles with stowage and available refrigeration. Each console is complemented with a pedestal mounted table and generous seating. The centerline helm delivers excellent sightlines, power-assisted hydraulic steering, single lever electronic controls and sophisticated communication, entertainment and navigation electronic systems from Atlantic Marine Electronics to deliver each boat turnkey ready.

The lush interior abounds with hand-finished teak joinery and spacious appointments throughout the salon including a flat screen television with surround sound. An L-shape lounge and dinette anchor the area for relaxing, dining and entertaining. To port, the galley is accented with Cambria treatments, under counter refrigeration, a microwave/convection oven and plenty of stowage. Inviting accommodations in two staterooms include a queen-size bed forward with private access to the head. A starboard stateroom has upper and lower berths.

Powered with MAN diesels the 48 will cruise at 30 knots with a top end in the mid 30 knot range depending upon engine selection, load, sea and other environmental factors. The raked entry and forward chine are designed to pierce through head seas and divert spray downward. Convex hull sections add curvature and form to the running surface, while molded running strakes accentuate lateral tracking and maneuverability.

Whether moving up or moving down throughout the Viking fleet, you will find these new Viking 48 models true blue-water champions in spirit, performance, accommodations and evolutionary prowess in the herald Viking tradition. We invite you to contact **HMY Yacht Sales**, your Viking dealer, to learn more about these exciting new models!
