6KW

Summary/Description

NEW ARRIVAL!

The Reina Live L44 DR is one of two models of Reina Live. It is the largest and most luxurious model we offer, with lots of room and functionality both for permanent liveaboard cruisers and for entertainers who want to bring people on their boat to party and enjoy themselves in nature. The L44 DR is 44 feet long, with a foredeck, living area, dining area, full kitchen, 1 bathroom, and 2 cabins. A circular staircase connects to the expansive second-story deck with hardwood floors and glass safety railings. If you want all of the comfort and luxury of an expensive apartment with the mobility and adventure of life on the water, Reina Live has everything you need.

The L44 DR splits the larger master cabin into 2 smaller cabins, to sleep a total of up to 5 people. The Reina Live features a full, C-shape wraparound kitchen with lots of space, and both indoor and outdoor dining areas. The L44 includes 1 bathroom and 1 shower. The bathroom is split, so that the shower and toilet can be used separately at the same time. The Reina Live is powered by twin high-powered engines. You can live your life on a luxury yacht without compromising.
