Summary/Description

The 10' 2" Whaly 310 is unsinkable and indestructable. Constructed of double-wall polyethylene, it is more durable than aluminum, fiberglass, or a traditional RIB, and allows operators to beach the vessel on concrete or rocks without risking punctures or damage to the hull.

Customizable Boat: Sarasota

The 10' 2" Whaly 310 is unsinkable and indestructable. Constructed of double-wall polyethylene, it is more durable than aluminum, fiberglass, or a traditional RIB, and allows operators to beach the vessel on concrete or rocks without risking punctures or damage to the hull. This Whaly 310 requires less maintenance than the traditional RIB and is an eco-friendly option, as the hull is entirely recyclable.

This Whaly 310 can be rigged with an engine up to 10 HP, weighs just 232 lbs, and has a beam of 5' 8." Its carrying capacity is 6 persons or 890 lbs. Whaly offers many options (at an additional price) that allow you to customize your tender to your specific needs. These options include an opening bench, a bow rail, a navigation arch, a console and bench combo, a Bimini top, or a set of oars.

In store, the Whaly 310 is available in Light Gray, but it may be special ordered in additional colors or with the above options included.

We're proud to showcase Whaly Boats at all our Florida showrooms, including:

Ft. Lauderdale, Palm Beach, Stuart, Sarasota, and Tampa Bay.

Optional Features

- Bow rail
- Set of oars
- Steering console and bench combo
- Bench rowing seat with storage space
- Navigation Arch
- Bimini top
