Customizable Boat: Sarasota

The Bluewater Sportfishing 2350 has a maximum rating of 350 HP and is loaded with more fishing features than any boat in its class. Its spacious cockpit provides you plenty of room to reel in the big catch and will leave you believing you're on a much larger center console. This versatile boat is equally suited to the serious angler as to the family.

Standard fishing features include a lit 35-gallon circulating livewell, a 420-quart fully-lined fish box, five lined and insulated fish boxes, lockable rod storage, four stainless steel rod holders, a console tackle box, and four leaning post rod holders. Add optional features to fully customize your 2350 such as Taco Grand Slam outriggers, spinning rod holders, and additional gunwale-mounted rod holders.

Other standard features include a locking electronics box, a walk-through transom door, recessed cleats, console storage, hydraulic steering with a custom knob and power wheel, digital engine gauges, a raw water washdown, a transom sink and cutting board, and a self-bailing cockpit.

Other optional features include an iCom VHF radio, a Clarion stereo, extra 12V outlets, a Sirius satellite receiver, a 40" engine bracket, underwater lights, a removable dive tank rack, life jacket storage, a mini tower, cup holders and rod holders for the mini tower, a pullout cooler, cockpit lights, deep drop outlets, a second console tackle box, trim tabs, a marine head or portable toilet, and more.

We're proud to showcase Bluewater Sportfishing Boats at all our Florida showrooms, including:

Ft. Lauderdale, Palm Beach, Sarasota, and Tampa Bay.
