The previous owners commissioned McCall Boat Works in McCall, ID to do a complete concourse level restoration of the boat in 2010. Finished in 2012, everything was gone through including all new engines, new interior, electrical, gauges, hull side and deck planking, and new 5200 bottom. All this was finished in over 20 coats of perfectly laid varnish. The boat sits on a custom tandem trailer and comes with custom cover and travel bra. The entire restoration is well documented and photos are available.

Currently owned by the founder of McCall Boat Works "Kenny B" receives nothing but the best and remains in top show level condition. She has won several prestigious awards including "Best in Class" and several Classic Boat Shows.

The boat is currently used by the family for lake cruises and fundraisers on Payette Lake.

If you are in the market for a classic cruiser to cruise your local waters or win awards at Lake Tahoe this is the one for you!
