Summary/Description

Queen of Datca was designed as a true sailing yacht in the shape of a traditional Turkish gulet, combining elegance and performance. She has the highest specification sailing equipment with 1000 sq. metres of sails. She is extremely well equipped to provide you comfort. As you'd expect from a 36m gulet, there is ample deck space with a large seating/lounge area, lots of comfort zones with cushions and sun beds, spacious interiors including a large saloon equipped with piano, satellite TV, entertainment systems, wine cooler and of course a wide range of water toys. Besides, the sophisticated equipment onboard will let you enjoy the quietness of the night. She can accommodate up to 10 guests in 5 cabins; two master, one double and two twin cabins which can also be converted to doubles.
