## Summary/Description

The stylish dual console boat line that has been perfected by Pursuit now includes the DC 365. More comfort, innovation and features have been engineered to bring your sport utility experience to the next level.

Equipped with a SeaKeeper! The stylish dual console boat line that has been perfected by Pursuit now includes the DC 365. More comfort, innovation and features have been engineered to bring your sport utility experience to the next level.

Forward bow and port side lounge seating, a swivel seat at the helm and patent-pending fold away seating at the transom and under the gunwale give your crew a comfortable place to enjoy whatever type of water activities you choose.

Features include a large tempered glass windshield with walkthrough, wide walkways from bow to stern and plenty of large storage compartments. Instrumentation and controls at the helm are ergonomically engineered and an optional Garmin electronics suite makes the DC 365 a joy to operate.

The cabin is easily accessible with a fiberglass door and features solid wood accents with modern finishes, a full berth forward and a comfortable aft berth. A small family or couple may overnight with basic amenities for the weekend. Hull side windows reveal plenty of natural light below.

Foldaway seating quickly transforms a social venue to a wide-open, fish-ready cockpit with hull side door, livewell, gunwale mounted rod holders and insulated fish-boxes in the floor.

The DC 365 dual console boat can do it all with room to spare and style that is Pure. Pursuit.

## Walkthrough

This 2006 Everglades 260CC is a fuel efficient and well-maintained fishing machine! The 260CC is a RAMCAP model; the hull construction process utilized a pre-molded high density foam core that fits precisely between an Everglades hull and liner. The hull, foam, and liner are cured into one cohesive and rigid unit resulting in an enclosed and fully sealed hull. Ramcap's foam is 3X stronger than the industry norm. No rattles on this boat! Given this construction, this boat would make a perfect yacht tender; ideal for towing on your next trip!
