Summary/Description

2016 Cobalt 336 - Luxury high-performance cruiser! Versatile, spacious design for entertaining, relaxing, enjoying! Features wet bar, premium entertainment electronics, joystick control, & much more. Low hours on twin 420hp Volvo Penta V8 engines. Owner can offer financing to qualified buyers. CALL!

The Cobalt 336 is a luxury yacht from 2016 that combines high-performance with elegant design and comfort. It measures 33 feet 6 inches in length and has a beam of 10 feet 7 inches, providing ample space for entertaining, relaxing, and enjoying the water.

The yacht is powered by twin Volvo Penta v8-380 engines with low hours (270 hours on May 1, 2023), which provide a total horsepower of 860 horsepower. This allows it to reach high speeds while maintaining stability and control. It also features navigation system, advanced entertainment equipment, and a variety of amenities to ensure a comfortable and enjoyable experience on board.

The interior of the yacht is designed for comfort and style, with two cabins, port cabin includes private head with shower, and starboard cabin provides seating or sleeping quarters for up to 2 people with air conditioning. The cockpit area is also spacious, with multiple seating areas, a wet bar, retractable shade and a microwave making it well-suited for entertaining guests.

Other notable features of the 2016 Cobalt 336 include joystick control, premium sound system, high-quality finishes, plenty of storage compartments and a generator. Overall, the Cobalt 336 is a top-of-the-line yacht that offers the ultimate in luxury, performance, and comfort. It is designed to meet the needs of boaters who demand the very best in yachts, while also providing a comfortable and enjoyable experience for family and friends.

Mortgage Broker Owner can Finance the boat to Qualified Buyers!

Manufacturer Provided Description

It is an accommodating day boat bringing to market all the timeless elegance of a cruiser coupled with all the performance of a sport boat. This flat-out exhilarating machine features an award winning ride, handles like that of a premium sports car with the leathered luxury of the cabin, roomy enough for a dozen buddies.

A few particular traits of the 336 jump at first look. The panoramic side windows in the hull bring the outside in and reflect the envious stares of dockside passersby. Even the windshield invites further investigation of its stainless-steel strength, its wraparound handsomeness. The cabin lies below the helm. At once snug and expansive, with a sofa stretching out there nine full feet and swiftly changeable to a berth capable of sleeping two adults and a three-year-old interloper, the cabin makes full and fine use of its spaciousness, by turns air conditioned or heated as the day's outing or the week's cruise might require. Inside a cabinet designed to very specific purposes of entertainment and efficiency come a 32" LCD HD television, a DVD player, and a play-station hookup. The portside head compartment looms enormous, ready to double as a shower seat.

Available in meaningful twin-engine configurations, with or without joystick control, the 336 means power as needed, control as desired, luxury and comfort as expected. And, to top it off - literally, the optional stainless arch and hardtop is immediately self-explanatory in its popularity.

Helm

- Accessory Power Plug - 12 Volt
