Summary/Description

Riviera builds quality boats and Aussie is a fine example. This beautiful 43 flybridge has everything you'd expect in a sport cruiser. Powered by low hour Caterpillar 3208 325HP diesels, it has a comfortable 16 knot cruise. A Kohler 6.5 generator powers the electric galley. The interior is clean and

Riviera builds quality boats and [Aussie](#) is a fine example. This beautiful 43 flybridge has everything you'd expect in a sport cruiser. Powered by low hour Caterpillar 3208 325HP diesels, it has a comfortable 16 knot cruise. A Kohler 6.5 generator powers the electric galley. The interior is clean and bright with lots of varnished teak. The master stateroom is forward with a centerline island queen berth, large head and stall shower and provides abundant storage in closets, drawers and lockers. The guest cabin has a queen berth, a second head compartment and lots of storage. The salon features a lower helm station with pedestal helm chair and a "U" shaped lounge with 360 degree visibility and seating for the whole family. The well laid out galley features a full size fridge/freezer, three burner electric stove & oven, a microwave oven plus cabinet space. The cockpit is large with coaming lockers, a wet bar, and built-in top loading freezer box and transom door. The tournament style bridge features two helm seats aft and a long bench seat forward of the upper helm console plus storage in the forward bridge coaming.

This boat has seen limited use and is clean from stem to stern. Extensive mechanical maintenance has been performed in the past 3 years including a complete cooling system service, injectors, belts & hoses, batteries, bottom paint and more. All electronics are original so plan on installing a new package.

For the right buyer, this is an excellent opportunity. Bring your flashlight, take a close look and we can do a cold start on the engines. You'll be pleased with what you discover.

Boat located at Cap Sante Marina in Anacortes and available for viewing by appointment. Call today to arrange a showing.

Displacement 35,500 lb's

Fuel capacity 570 gallons

Water capacity 160 gallons

Vessel history and maintenance

This vessel saw limited use for a number of years do to the deteriorating health of her original owner. The boat was afloat for a number of years and eventually was hauled and stored in a covered storage facility. The current owner purchased the boat and has spent the past three seasons having the deferred maintenance brought to current investing roughly \$100,000 to bring this beauty back to cruising condition.
