Engine 1

Cummins
6BTA330
330HP
246.08KW
Year: 2004

Summary/Description

The Nordic Tug 37 two cabin is a PNW cruising classic. Few designs have performed as well on the water and in the market place. A 25 year production run is a testament to the designs appeal. These boats were built solid, simple and are easy to own and operate.

The Nordic Tug 37 two cabin is a PNW cruising classic. Few designs have performed as well on the water and in the market place. A 25 year production run is a testament to the designs appeal. These boats were built solid, simple and are easy to own and operate. The *Siberian Princess* is a fine example of the design. This boat has low hours and is clean and ready for inspections. Special features include:

- 1) Cummins 330HP 6BTA with 1300 hours.
- 2) Onan 9KW genset with 520 hours
- 3) New salon and pilothouse upholstery and Amtico synthetic teak-n-holly flooring through out.
- 3) Assumable Anacortes *Anchor Cove* moorage with option to purchase!
- 4) Stern thruster installed 2023.
- 4) Just detailed and ready for inspections.
- 5) Washer/dryer
- 6) Two AC/heat pumps.
- 7) Force Ten 3 burner propane stove and over/broiler
- 8) Achilles 9' RIB on boat deck with manual cargo boom
- 9) Factory installed 50 gallon fuel tank below cockpit - 375 gallon total capacity.

In search of a capable cruiser to take you over the horizon? Look no further than the *Siberian Princess*!

This boat is available for showings by appointment. High resolution photos and maintenance records available upon request. Contact our office with any questions or to arrange a showing today!

Manufacturer Provided Description:

The 37 is available in two configurations, the standard layout that has become so popular and a convertible layout. Customers now have an option for a boat with accommodations similar to that of the 42 in a smaller, easier to handle and more economical package. Designed by Lynn Senour, the originator of the Nordic Tug design, the 37 shares many of the features found in her larger and smaller siblings such as a hand-laid fiberglass hull with hard chine and full keel as well as the same attributes of speed and seakeeping qualities. The waterline length of the 37 is actually 39 feet due to a molded-in swim step that is essentially an extension of the hull giving her greater speed, stability and fuel economy.
