Summary/Description

Island Hopper" is a great 3000 Pursuit Express Featuring Twin Mercruiser 5.7 MPI Horizons (Engines and Transmissions are 2007 with 375 hours), Risers and Manifolds Replaced 2023 as well as Props Tuned, Recent Garmin Chart Plotter, Air Conditioning and Heat, Anchor Windlass.

Manufacturer Provided Description

If the goal is nimble handling, economical operation and outstanding performance in a large fishing and cruising boat, the Pursuit 3000 Express can fit the bill. Ruggedly built, with a modern hull design and a proper length-to-beam ratio, this boat delivers a smooth, dry ride, and great rough-weather performance. Like all Pursuits, a top priority in the design of the 3000 Express is fishability, but a great deal of emphasis has been placed on cruising comfort. There's a large double berth forward and the dinette converts to a 6-foot, 6-inch berth. Optional teak and holly solid-wood flooring, air conditioning, and a selection of fabrics, all contribute to luxury and livability. Optional Clarion and Magnavox audio and video systems add to the luxuries below. Up top, the 3000 Express has a wide-open cockpit with aft seating, making her suitable for entertaining as well as fishing. An oversized windshield provides protection from the elements and clear vision for navigation. And there's a long list of standard fishing features. Powered by twin gas or turbo-diesel engines, the 3000 Express is fully capable of fishing the far reaches of the Gulf Stream and cruising to distant ports.

Standard and Optional Equipment

Standard Equipment
