Manufacturer Description

"A pedigreed fishing machine, the 288 Commander combines popular features found on our 328 Commander with a carefully redesigned layout and console. Part of that involves adding in popular features like the aquarium view livewell, new bow table design with integrated casting platform and a new curved lounge design. The result is a refined, capable offshore platform with more than a touch of style.

Forward of the console, the 288 is all premium-stitched luxury. Twin high-back loungers with ergonomically curved seating in front of the console that conceal a 75-gallon dry storage box, while a pair of aft-facing, curved-back loungers are built into the bow. Adding our new bow table design with integrated casting platform and a filler cushion, the bow area can be converted into either a full-width lounge, dining area or casting platform.

For long days on the water or at the sandbar, the step-down console hides a comfort station with head, sink, and portlight, while a 26-gallon freshwater tank makes for refreshing on-deck showers and easy tackle cleanup at the end of the day."

Optional Features

- Porta Potti with Over Board Discharge
- Dual Garmin 8612 XSV
- JL Audio Stereo System
- Underwater Lights
- Optimus Steering
- Windlass
- Fresh and Raw Water Washdown
- Cover
- Owner has added a 4th battery and charger
