Summary/Description

The Highfield Ocean Master 500 is a 16'5" inflatable tender with a 24° dead rise, built to confidently take on rough conditions with ease.

Customizable Boat: Stuart

The Highfield Ocean Master 500 is a 16'5" inflatable tender with a 24° dead rise, built to confidently take on rough conditions with ease. Its hull is fabricated from 4 mm thick high tensile chromated and powder coated aluminum, making it the perfect tender to trailer or beach without worry of damage. It makes a fantastic yacht tender, as all Ocean Masters are lightweight with integrated davit lifting eyes. They can even be towed on an unbraked trailer.

This Ocean Master is available with Valmex PVC tubes or, for higher UV durability, Orca Hypalon tubes. Standard features include a center console, a console bench seat with storage, a forward console bench seat, a bow locker with a seat cushion, a bow step with a roller, a bow mooring cleat, an integrated under-deck fuel tank, lifting points and towing eyes, a non-skid deck, a heavy duty rub rail, a keel guard, rubber handles, and side grab ropes. Also included is a Highfield dry bag, paddles, a foot pump, and a repair kit.

Options are available including a tubular bolster seat, jockey seats, a bolster folding seat, a rear seat with storage, a compact rear seat, a three-passenger rear seat, a rollbar, a T-top, or a boat cover.

***Engine and optional features not included at base price.**

We're proud to showcase Highfield Boats at all our Florida showrooms, including:

Ft. Lauderdale, Palm Beach, Stuart, Sarasota, and Tampa Bay.
