Summary/Description

2000 Donzi 38 ZX

This beautiful Donzi 38 ZX is in great mechanical shape and shows well! She has been maintained with care since new, and is only a two-owner boat. The only reason she is being sold is because the owner wants a more fishing-oriented boat. This is the first 38 ZX that received the twin Yanmar diesel power, and was bought new at the Miami Boat Show. The Yanmar power provides a more efficient and quiet running boat.

This particular boat has vibrant red carpets throughout, an extremely loud and clear stereo, and has had recent maintenance on all thru-transom hardware and outdrive components. The interior is extremely comfortable and clean, and the microwave, refrigerator, and wet-head are all functional.

A bimini top, helm deck cover, interior center table, and triple-axle trailer are included in the sale.
