The BAVARIA C45 is incredibly spacious for this class. In addition to 3-, 4- and 5-cabin versions, the BAVARIA C45 is the only yacht in its class that offers a dinghy garage. This allows the dinghy to be conveniently stowed away to preserve the elegant silhouette of the BAVARIA C45. The clever cockpit layout with split function creates a generous amount of living space on deck. The winches are located close to the helmsman. The crew can enjoy the sun and the wind while in the cockpit.

PURE SAILING PLEASURE — This yacht was designed to provide easy handling combined with optimized performance. All halyards and sheets are hidden in concealed channels that run to the cockpit. The designs of the sail plan and the hull are in perfect alignment. The BAVARIA C45 responds to every rudder movement in the same way under sail as when maneuvering in the harbor—whatever the weather conditions.

A FEELING OF FREEDOM, ABOVE AND BELOW DECK — Experience the generous space on the BAVARIA C45. Below deck, the large windows in the hull, hatches and ribbon of windows provide an extensive source of natural light. The characteristic clear lines of the yachts are echoed in the modern interior. The structured, open spaces below deck allow you to sit back and relax. This atmosphere is enhanced by high-quality materials and outstanding finishing. Create your own style by selecting from a range of luxury wood fittings, different upholstery variations and functional options.

The BAVARIA C45 stands out through exceptionally spacious interior, individual layout solutions for all requirements and astounding additional options for a boat of this size, such as a large dinghy garage and a wet bar with a grill. Discover the different options and choose from our range of luxury wood fittings.
