## Summary/Description

A perfect day at sea with family and friends is best enjoyed on board of a BAVARIA SR36. Sporty, elegant design and an intelligent space concept on and below deck ensure the feeling of well-being on board and, in combination with her very safe handling characteristics, make a BAVARIA SR36 unique.

The BAVARIA SR-LINE offers a new attitude to life on board. With the BAVARIA SR36, we are taking another step in the development of the SR-LINE and convincing with clever optimized solutions. An intelligent space concept and a sporty, elegant design, in combination with extremely safe handling characteristics, make the BAVARIA SR36 unique, made for perfect days on the ocean with family and friends.

The BAVARIA SR36 shows creativity in the design of the cockpit and superstructure since life on modern motor yachts takes place primarily on deck and in the cockpit. Alongside the classic hardtop version, which can be optionally closed with a door, the BAVARIA SR36 is also available as an open version, with a low windscreen. The hardtop roof becomes a stable bimini with a sunroof. Or simply BAVARIA Open Top, as we like to call it.
