Summary/Description

Nice condition Shamrock with replacement 350CI engine installed in 2019 and today has less than 100hrs. Together with the engine, new risers, heat exchangers, exhaust manifolds, hoses, carburetor and fuel pump were installed!

Nice condition Shamrock with replacement 350CI engine installed in 2019 and today has less than 100hrs. Together with the engine, new risers, heat exchangers, exhaust manifolds, hoses, carburetor and fuel pump were installed. The boat also has 2 newer 40-gallon aluminum fuel tanks making this the perfect reliable fishing machine.

For over 35 years Shamrock has evolved into one of the most respected and legendary lines of fishing boats on the water. Shamrock is one of the most unique, versatile and distinctive boat brands ever. From their functional, nononsense designs to their committed use of direct drive inboard power, no other line of fishing boats is better suited for today's fisherman and recreational boater. It was true 35 years ago, and remains so to this day.

Shamrock boats have many advantages that other sport fishing boats in our market do not have. Shamrock boats are very fuel efficient. They are also very stable, and dependable boats with a simple drivetrain that won't leave you stranded or high and dry while the fishing is hot. Owning a Shamrock is more than just owning a boat. It is the sense of pride in owning one of the finest watercraft available. Hand built by American craftsmen that take pride in building these special boats.

Seasoned mariners have learned and valued the advantages of a single inboard engine with a Keel Drive; that's why they use them. In fact, shamrock Keel Drive boats are used around the world as tenders, in commercial towing or salvage operations, even working on oil spills in Alaska. So when you get behind the helm of a Shamrock Keel Drive, you can rest assured you have years of hard, real world service behind you.

Electronics

- Plotter
- Compass
- GPS
