Bow Shade

White Powder Coating

Upgraded Double Diamon Stitch Orange

CP3 - Diesel Generator

CP3 - AC, & Seakeeper 3

Hull - Bull Shark

Powder - White

Manufacturer Provided Description

At 36' LOA and 11'2" beam, the 368 Commander has a sharp 23 degree deadrise to handle the roughest water conditions. The 3" composite transom can hold either triple Yamaha F300 or twin F425's. The hull has an infused lamination process and the first of its kind in the Sea Fox line up. The foam filled stringer mold is a beast with massive bonding points throughout the hull to ensure a solid ride in any weather condition.

Like all Sea Fox boats, the 368 is designed for comfort in the bow area with its extended multi-person front of console lounge and has multi-dimensional cushions for the ultimate in comfort. The cockpit is a serious fisherman's dream boasting twin 45 gallon aquarium live-wells that are also pressurized - 0% air, 100% water. Four in the floor fish holds and a larger freezer plate storage facility located across the transom wall to keep bait, food and drinks at any temperature desired. Triple helm seats sit high for all around viewing and a full glass enclosure keeps the crew dry in all weather conditions.

Steering System

- Joystick Control

Standard Features

- 11 Anchor/rode kit - 22lb anchor, 15ft of chain & 200ft of rope
- Anchor - thru-hull windlass system (with controls at helm & bow), stainless steel chafe plate & anchor roller
