"C-BLUE" is powered by twin Mercruiser 8.1S(370HP) inboard v-drives that are fresh water cooled, well maintained, with a clean engine room. There is a Kohler 7.3KW generator in a sound enclosure that powers everything onboard while away from the dock and underway. Her engines and machinery are below the aft deck and is accessed through a hydraulic hatch giving very good access and space to get around throughout the engine room, equipment spaces & engines.

C-BLUE" offers a lot of creature comforts aboard, from the very welcoming spacious salon with warm cherry cabinetry, soft leather sofa coverings, & imitation granite countertops! Her owners have a private master stateroom forward with a bulkhead & hard door, a queen island berth allowing for easy entry to the bed from either side, a private entrance to the head & separate stall shower, an entertainment center w/ flatscreen TV, two cedar lined hanging closets, and under bed storage drawers. There is a settee aft w/removable table, that converts to a double berth sleeping area for guests with a privacy curtain. The main salon area houses a sofa to stbd., with a dinette table that is across from the galley that actually houses the hidden flatscreen TV. The galley has under counter fridge & freezer, air fry microwave, 2-burner electric cook top, lots of counter space and plenty of storage!! "C-BLUE" is a very comfortable boat to stay on with friends & family, a traveling couple with occasional guests, while equally comfortable entertaining, spending the day on the water, or underway!

"C-BLUE" offers a lot of lounge space and seating in the cockpit area, while the helm deck gives the captain a great all around view from an adjustable captains chair, and double wide companion seating with also excellent visibility for her navigator & crew! There is a wet bar to port with fresh water sink, and seating for all your guests in the aft cockpit U-shaped lounge seating. There's a cockpit table for this area that removes & stores under the seating when not being used. Going aft through the cockpit access door, you have an integrated extended swim platform with diamond non-skid surface, that also has a recessed telescoping swim padder. Her all one level helm deck, aft cockpit, and integrated swim platform allow for easy boarding, moving around the cockpit, & re-entry from the water when swimming or in man overboard situations.
