Scout is known for introducing models with market-first innovations that separate our models from the competition, and the 275 LXF is no exception. One interesting feature is the wave gate/fold down stern seat that folds down all the way to the deck floor creating easy access to the transom, swim platforms and engines. The model showcases Scout's patented T-top/hardtop w/ tempered glass enclosure, a one-of-a-kind electronically actuated sliding electronics Plexiglas window at the helm that completely protects your electronics package, and our revolutionary Nu-V3 high performance, fuel saving hull design. The cockpit offers spacious fishing room, as well as a bait prep station w/ sink and stainless tackle drawers. There's also room for an optional Kenyon electric grill to cook up the catch of the day with the help of an inverter/charging system that's also an optional feature.
