Summary/Description

For Sale

2020 Back Cove 340 is powered by a pair of Yamaha 4.2L V6 Twin. 300's. The hull is fitted with standard bow thruster and designed specifically for outboard propulsion offers cruise and top end speeds approximately 10 knots faster than the traditional single diesel Back Cove. This cockpit is meant for entertaining with an aft facing seat that converts into a helm deck U-shaped dinette or second berth. The 5kw diesel generator and cabin A/C below deck coupled with the spacious island berth, separate head and shower remind us that this Back Cove is still intended for cruising. LLC Owned. Call for a showing today!

Accommodations

Her helm deck is spacious, airy and bright. Surrounded by large opening windows, this space is out of the weather and welcoming. To port, the seat back can face forward to create a comfortable mate's seat or it can face aft toward the elegantly finished helm deck table. A second seat also converts handily from cockpit facing to face the helm deck table. To starboard and aft of the ergonomically designed helm is the fully-equipped on-deck galley with convection microwave, two burner electric cooktop and ample storage for the gourmet chef's wares. Two drawer style refrigerators are found below the mate and helm seats.

The Back Cove 340's cockpit is a comfortable, spacious and inviting area for you and your guests to relax. The swim platform extends to both sides of the engines to make boarding safe and secure, and a convenient transom door opens at deck level for egress to and from the cockpit.

Below deck, the 340 offers a rare feature in the world of outboard powered boats: a queen-size island berth with ample storage below. There is also storage throughout this master stateroom, with drawers and lockers all finely crafted in varnished American cherry. Aft of the berth is a split head unit offering the WC to one side and a separate shower to the other.

Spaces below the helm deck are freed up for boating accessories such as folding bikes, inflatable paddle boards and kayaks. There is storage enough for everything you may want to bring on board for a day at the beach or a week's cruise.

Galley

- Electric two burner cook-top with pop-ups
- Drawer style AC/DC fridge\
- Large SS galley sink w/ single lever faucet & drop in cover
- Solid surface countertop with drawer and door storage below
