Summary/Description

The 530 Ferretti offers a big boat ride in a smaller, manageable yacht. It is low maintenance and high performance and ideally suited for the owner-operator. This yacht has one of the best rides and the quietest, most luxurious interiors of any yacht builder.

You can compare it to any other builder on the same conditions on the same day, and you walk away with the Ferretti. Norberto and Alessandro Ferretti founded the company in 1968 and always stressed sea-keeping ability and flawless designs only the Italians can do. A light modern interior and the ability to open the salon to the aft deck make this yacht perfect for family entertaining.
