Late-model 50z available now....like-new, Southern Cross has sliding hard-glass side windows, polished stainless steel hardback with sliding door, and custom top-of-the-line RayMarine electronics including FLIR. Triple IPS600s with extended five-year warranties.

Late-model 50z available now....like-new, Southern Cross has sliding hard-glass side windows, polished stainless steel hardback with sliding door, and custom top-of-the-line RayMarine electronics including FLIR. Triple IPS600s with extended five-year warranties.

Immediate availability, for your enjoyment of this season!

Detailed service records available to qualified buyers

Recommended 5-year engine maintenance program just completed at Boston Boat Works

## Descriptions

The MJM 50z is an eco-smart game-changer featuring advanced composite construction, an innovative layout and the latest stabilizing technology. Her stronger, lightweight epoxy construction results in a very low vertical center of gravity. That translates into greater stability, ISO-certified Category A seaworthiness, and an impressively comfortable ride. MJM 50z was the first motor yacht worldwide to offer the "no roll" Seakeeper Gyro stabilizer as standard equipment. Adding further to comfort and livability: Her flush-deck layout from cockpit to helm combined with side boarding doors at floating dock height eliminates the many up-downs and boarding access challenges of other yachts.

## ACCOMODATION

Below decks:

- Master forward with centerline queen berth, Brisa Chamois
- Comfy easy chair to port in the master cabin
- LED Smart TV in the forward cabin with Glomex antenna system
- His and her twin heads each with a separate shower stall

#### Maintenance just completed at Boston Boat Works

Here is the engine maintenance (5 years recommended) that we have performed this season:

- New raw water pumps
- Oil changes in compressors
- All belts replaced
- Charge air coolers removed and descaled on bench
- Heat exchangers were removed and descaled on the bench
- IPS drive seals replaced
- Engine anodes replaced

Additionally, we have performed regular annual maintenance:

- Crankcase oil and filters changed (engines x 3, genset)
- IPS gear oil and filters changed (x 3)
- Bottom paint
- Seakeeper brake service, glycol flush, & anode replacement
- Sealift antifoul-coated
- Batteries load tested
- Propspeed application
- The fire suppression system was serviced and reviewed
- Software updates on the Raymarine system
- Windshield wiper replacement
- Holding tank filter replacement
- Seagull water purifier replacement

## Mechanical Disclaimer

Engine and generator hours are as of the date of the original listing and are a representation of what the listing broker is told by the owner and/or actual reading of the engine hour meters. The broker cannot guarantee the true hours. It is the responsibility of the purchaser and/or his agent to verify engine hours, warranties implied or otherwise and major overhauls as well as all other representations noted on the listing brochure.
