YANSEA is the latest jewel in the crown of Azimut's legendary Magellano series, and she stands as a testament to excellence in yachting. Impeccably maintained and thoughtfully upgraded, this 2012 Magellano 50 is a luxurious masterpiece that embodies the very essence of maritime sophistication.

YANSEA has undergone an extensive series of upgrades, making her an unparalleled gem in the market. The highlights of these enhancements include the installation of two brand-new Cummins Reman QSB 5.9L main engines, a state-of-the-art Onan generator, and a host of other features designed to elevate your yachting experience to new heights. What sets the Azimut Magellano 50 apart is its unique crossover capabilities. This meticulously designed yacht boasts a hull speed of 8 knots, enabling an astonishing 2000 nautical mile range, while a comfortable cruising speed of 16 knots ensures an effortlessly smooth voyage. This exceptional performance is achieved by skillfully de-tuning the engine horsepower from 480 to 425, a testament to the precise engineering that Azimut is renowned for. YANSEA comes with an impressive collection of maintenance records and receipts that are available upon request. These documents not only reflect the care and attention lavished upon this vessel but also underscore the commitment of its owner to maintaining the highest standards of quality. One noteworthy feature of YANSEA is her CE-A endorsement and Coastwise Certification for chartering, opening up a world of opportunities for those looking to explore the waters with guests or clients. Located in the picturesque setting of Palm Beach Gardens, Florida, YANSEA is ready for your private inspection.
