NOZOMI II is a stunning vessel with a proven track record, if you are looking for a 30-meter new-build project, look no further.

Alia Yachts

COMPANY PROFILE

Alia Yachts is a premium luxury yacht builder based in Antalya, Turkey

Alia Yachts was founded in 2008 by Gökhan Çelik, together with his business partner Ömer Koray. With Lloyd's certified facilities fully equipped for cutting-edge yacht construction and refit of yachts up to 80 meters in steel, Alia Yachts is a world leader in the production of aluminium as well as specialized carbon-reinforced composites.

Having recently expanded its facilities, the shipyard now boasts over 25.000 m² of indoor capacity, including five construction halls and 4.000 m² dedicated to its in-house, award-winning interior joinery factory.

Alia Yachts is committed to making clients' and designers' visions a reality that exceeds all expectations.

The yard's in-house engineers, shipwrights, technicians, electricians, mechanics, welders and laminators are top of their field, with a wealth of experience giving them invaluable insight into solutions for the most complex of design challenges.

Each Alia yacht is built to the highest of international standards of seaworthiness and quality, as well as excelling in comfort, safety and innovation.

Working with a host of internationally renowned designers such as Sorgiovanni Designs, RWD, Omega Architects, Vripack, Van Oossanen, Cor d Rover and Dixon Yacht Design to name just a few, Alia Yachts has built a reputation for quality and excellence on the global stage.

Alia Yachts' renowned fleet includes 41m M/Y RUYA, 60m M/Y SAMURAI, 30.5m M/Y VIRGEN DEL MAR VI and 35.8m M/Y ALYIONI.

Demonstrating the versatility and flexibility of Alia Yachts' portfolio, the yard has also made a name for itself in the design and construction of shadow and chase boats, including the 36m PHI Phantom.

MAIN SPECIFICATIONS & DIMENSIONS

Hull Type: Twin Propeller Motor Yacht

Exterior Designer: Omega Architects

Classification: RINA Steel

Material of Hull: Steel Grade A

Material of Superstructure: Aluminum 5803 H 312

Length Overall: 32.4 METERS

Length Waterline: 29.4 METERS

Beam Overall: 7.4 METERS

Draft: 2.10 METERS

Displacement: 210 TONS

Gross tonnage: 240 GT

TECHNICAL DETAILS

Gross tonnage: 240 GT

Maximum Continuous Speed: 14 KNOTS

Fuel Capacity: 27,000 LITERS

Range at Economical Speed: 4,000 Nautical Miles

Fresh Water Capacity: 7,070 LITERS

Main Engines: 2 X YANMAR 6 HYM Common-Rail

Engine Power: 2 X 750 hp @ 1,840 RPM

Gearbox: YANMAR YXH161L 4.08 : 1

Engine Control: Glendinning, triple station

Shaft Material: Ø 90 mm 1.4462 Duplex

Props: BT Marine Five Blades, Fixed Pitch, Class 1, Ø 1250 mm

Flexible Coupling: Rubber Design RD 108 SA

Generators: 2 x 45 kW Kohler

Bow Thruster: ABT-TRAC 16" Hydraulic Thruster, up to 80 HP

Stern Thruster: ABT-TRAC 12" Hydraulic Thruster, up to 45 HP

Stabilizers: ABT-TRAC, Zero-Speed 2- Fins 370/16X Stabilization at Rest (Star) System

GENERAL

Fresh Water Maker: 2 x 221 l/h Sea Recovery

Hot Water Boiler: 2 x 120 l Diko DSSY-MP-120-5kW

Toilet System: Tecma Silence Plus

Sewage Treatment System: Selmar 3 m3/day

Fuel Separator: Westfalia OTC 2-02-137 900 l/h

Air Conditioning: Webasto 180.000 BTU Bluecool Premium

Passerelle: Opacmare 1102/42

Multifunctional Platform: Opacmare Transformer 3382.40

Exterior Doors: Sliding Doors Besenconi

Fire detection system: MFire Addressable Fire Detection and Alarm System

Firefighting system: Fireboy USA FM200

General Alarm System: Local area network throughout the yacht with monitoring and control by means of touch screen

Camera and CCTV System: A Color TV Security System with Cameras, connected to local area network

Navigation & Communication: Integrated Simrad Naviop system

Entertainment: A multi-zone Sonos music on-demand system throughout the yacht with custom control and interface.

System is executed with selected high-end equipment including latest LCD screens.
