Summary/Description

'NOMAD' is a freshwater 36' Sabreline Fast Trawler with many custom features and recent upgrades.

Description

'**NOMAD**' is a freshwater 36' Sabreline Fast Trawler with many custom features and recent upgrades. She has 1900 hours on her Twin 250 hp Detroit diesels. She has a Northern Lights generator, Two (2) NEW Dometic A/C units with reverse cycle heat, Garmin GPS/Plotter, Cetrec Hydraulic autopilot, 2 VHF's, depth sounder, Flybridge Bimini top & helm cover, custom light beige interior, Island Queen Bed in the aft cabin and v-berth forward, two heads and spacious galley up. Her current owner plans and life have change and regrets that at this time in his life he has to give her up. He has enjoyed his time aboard her. Nomad has spent her life here Between Lake Erie and Lake Ontario. This vessel offered at a superb value. Nomad offers GREAT Live-A-Board potential or a Super Looper!

During its successful run, Sabre built 85 of the 36 Fast Trawlers, one of their 1st powerboat endeavors, starting with the 1989 Models. The 36 follows their "Built in the Maine Tradition" of craftsmanship, design and quality and is still a very desirable vessel today.

Two NEW Dometic “drop in - retrofit” A/C w/Reverse Cycle heat replacement units (Model 901676160115) installed Sept 2023.

Shore power cords

- Electric water heater

ACCOMMODATIONS

Wonderful trawler style layout. The guest cabin is forward, V-berth, shelves outboard, drawers under. Large hanging locker to starboard with private head to port. The head has a sink with vanity, head and telephone shower. The companionway to the guest cabin closes off for complete privacy. Up three steps to the main salon. The steps are hinged for handy engine room access as is the aft stair unit. The main salon sole also lifts out in several panels for excellent engine access. The salon is very bright with an open feeling and features teak cabinetry, teak and holly sole, and large windows and sliding doors port and starboard for access to the side decks. Visibility is excellent at the inside helm station on starboard which features a convenient fold-away helm seat and sliding door. There is a large L-shaped settee to port with adjustable hi-lo teak table which swivels, and the dinette converts to a double berth. Opposite the dinette is a two person settee behind the helm. In the aft end of the salon is the L-shaped galley to starboard. Slightly offset companionway to the master stateroom, full size Norcold dual voltage refrigerator to port by port side sliding door. The master stateroom is aft and down three steps and features a comfortable Island queen-sized berth, abundant drawer and locker storage with lighted vanity. Opening windows for light and ventilation and an aft companionway to the aft deck. On the starboard side is a full size head with sink, head and separate stall shower. Large hanging locker at aft companionway. The flybridge is large with helm and companion swivel seats. There is ample seating around a folding dinette table dinette for you and your guests to enjoy the outdoors. Fiberglass radar mast. The aft trunk cabin top area is surrounded by a stainless steel rail. The forward deck has two large recessed anchor lockers, stainless steel bow pulpit with side rails surrounding the teak bow sprit. Nice side deck access to wide after deck with a transom door to the swim platform. A large lazarette provides space for deck gear and fenders and is accessible from both the cockpit and the aft deck.

GALLEY

The galley is very well equipped with double stainless steel sinks with hot and cold pressure water. Norcold dual-voltage full size refrigerator and freezer and a Princess 3 burner propane stove and oven. Seaward LPG solenoid shutoff, microwave. Even the gourmet chef will appreciate that here is plenty of counter and cabinet space for food preparation and storage. The chef will also be part of the socializing during meal preparation.

ELECTRONICS

- Noreltec navigation & radar
- Datamarine Dart system - dual helm (depth, speed, log, temp)
- 2 Ritchie 6" compasses
- 2 Standard VHF radios. 2002 w/ Intercom/hailer

Sabreline Key Features

Handholds have been strategically positioned and steps (instead of ladders) provide security while moving on deck.

The interior is finished with varnished teak or cherry to provide a warm elegant atmosphere.

The command bridge offers numerous areas for storage, accessible through doors forward the steering station and the aft cabin top.

The main cabin windows are positioned at the proper height to provide an excellent view of the surrounding area while sitting at the helm or moving in the galley.

A partial centerline step enhances low speed cruising through improved tracking.

Wide side decks with an aggressive anti-slip pattern allows for safe and easy movement while underway.

Sabreline combines high performance hull design with true cruising trailer accommodations.
