Summary/Description

Little Yacht Sales is the New Dealer for Beneteau Power in Texas. Immersing yourself in the wonders and beauty of the seas for weeks on end has never felt more comfortable than when you're onboard the Grand Trawler 62. Designed exclusively to let you travel non-stop and uninterrupted for days o

Functional elegance and minimalist decoration, simple and harmonious lines, the design is voluntarily open, creating an atmosphere of peaceful calm on board.

This passagemaker is over 18 meters long and designed for long-distance cruises. She has an excellent range, her spaces are elegant and practical in equal measure, and there is lots of room on board.

Comfortable and seaworthy, with a cruising range of 1050 nautical miles and a central raised helm station, she is ideal for slow cruises, favoring introspection in addition to getting away from it all or leisure activities.

Today, having time has become a real luxury - additional time to spend with family and friends. Nauta, the interior designer of this new boat, has created a subtle balance by creating large social spaces, alongside very comfortable private spaces.

The stylish interior cleverly incorporates the practical features our Trawler customers have grown to love. The generous volume of the hull has been used to good effect to create bright airy spaces. Inside, the quality of the cabinetwork, as well as the supple leathers and various textiles enhance the feeling of elegance.
