Summary/Description

A generous passage-maker, the Swift Trawler 41 successfully renews the spirit and style of the trawler range. Comfortable, practical, and boasting ample living space, this new, innovative 40-foot powerboat, available as both Fly and Sedan versions, has an on-board capacity of up to 7 passengers.

The Swift Trawler 41, available in both Flybridge and Sedan versions, is truly seaworthy, a feature that characterizes long-distance cruisers. With an aft galley, lots of storage spaces and a pleasant atmosphere, this trawler will appeal to anyone whose sea trips revolve around leisure activities and enjoying good company.

Interior Design

Brightness, user-friendliness, and comfortable living characterize the welcoming yet practical spaces of the Swift Trawler 41. Lots of innovative solutions make life easy aboard. The aft galley links seamlessly with the cockpit, which has a sliding bench making it easy to get to the swim platform. In the wheelhouse, the pilot seat rotates, allowing eight passengers to sit down in the salon. The lounge space converts to a comfortable double berth sleeping space, surrounded by a curtain for privacy. Below deck, the three cabins on board bring to 7 the number of passengers the boat can accommodate comfortably on this innovative family cruiser.

Exterior Design

Her stylish, modern, aggressive look reflects the Swift Trawler line renewal, marked by the launch of the Swift Trawler 47. The Swift Trawler 41 has a fluid and balanced profile, emphasized by a slender, flared out hull, which means she cuts perfectly through the sea. Her wheelhouse offers a strikingly generous glazed space, while the fore deck, with its large sun pad and a high protective pulpit, make this long-distance cruiser even more distinctive. Her new hull has also been designed for optimum fuel consumption and efficiency, in both versions available: Fly or Sedan.
