The 33' Invincible Open Fisherman is the perfect compact sportfish that rides like a bigger boat, providing quality, comfort, safety, performance, yacht-quality finish, and equipped with hardcore equipment.

The Invincible 33 Open Fisherman is most popular of its size, with twin 300 HP outboard engines. She can reach a top speed of 59 MPH and superb range the 320-gallon fuel capacity will get you to the farthest fishing grounds and back with speed and comfort.

Optimus Joystick

The navigation with the Joystick offers owners the ease to navigate the twin outboards at low speed, providing full 360-degree radius motion, with both forward and side-to-side movement simplicity for docking all with the dial control joystick. An exclusive "boost" mode provides added thrust to overcome strong wind or current. The Joystick eliminates the need for a bow thruster or an autopilot, by utilizing a dual antenna GPS sensor and newly developed software, for navigation. Skyhook will hold position and heading while waiting for a draw bridge to open, for example, or keep a fishing boat directly over underwater structure regardless of wind or current.
